PS-33

The Groomiist Platinum Series PS - 33 is an electric shaver for men which sports not One, not Two, no not Three, but Four Blades working in tandem to give you the perfect shave. With the latest close fitting four heads technology, Super speed linear motor and 30-degree angle sharp knife blades, hair gets fine cut at the very base of the shaft in a single stroke thus reducing shaving induced irritation. You might think this is its unique selling proposition, well think again. This baby is completely waterproof and can be used while taking a shower, which helps when you are just too busy or in a hurry to bother with another chore during your daily ablutions and that's not all, it sports a neat LCD Display, has automatic universal voltage rating, takes only 1.5 hours to fully charge, providing for 30 Minutes Usage time, or a 5 minute Quick Charge for a single shave, comes with its own travel carry case and yes it has a Pop-Up trimmer. But does all this compromise its style quotient "absolutely not". The Groomiist PS-33 modern shaver with its stunning looks, is for those men who value time and know that style matters.
