Storage Water Heaters

Welcome to our endless world of comfort and convenience. Lazer India introducing a range of storage water heaters. A blue gem glass lined water heaters to step into a realm of effortless hot water flow. They come with high quality and safety assurance.

A wide range of water heaters. With different capacities and designs. Select the best-suited design according to your aesthetic preferences. The water heaters have three to five-star ratings as per the latest BEE rating norms. It means the water heaters are energy efficient and contribute to saving electricity.

The water heater body is shockproof and corrosion-resistant. It leads to the durability and reliability of the product. Additionally, they are suitable for high-rise buildings. The versatility of the Lazer water heater makes it the best selection for the hot water needs of winter.

Lazer Water Heater has advanced PUF insulation for power saving. The premium quality and instant heating element give a superior experience to the consumers. It has a stainless steel body with corrosion resistance.

Furthermore, the combined features of the Lazer water heater make it best for winter. Bring a Lazer Water Heater and make your winter warm and refreshing.

AN ENERGY-EFFICIENT WATER HEATER

Saving electricity is vital for environmental preservation. We should use less electricity. It is our responsibility to save electricity for a sustainable future. For this reason, We are introducing an energy-efficient water heater. The water heaters are rated 3-5 stars and have a wide range of selection.

Technology that stands out:

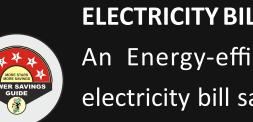

- Blue gem glass lined high-pressure tank for durability.
- It provides 20% more hot water output because of whirl flow technology.
- Experience instant water heating due to the glassline heating element.

Lazer India offers a diverse range of different electrical home appliances. A blend of quality, technology, and safety comes in our products.

In these years, we have gained the trust of many people with all our diligent efforts. Lazer India stands among the top leading companies of home appliances with honor.

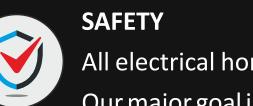

We have 20+ branches all over India. We have a bond with 350 direct dealer estimations. We have 2650 distributors in PAN India. Around 10,000+ retailers are sharing a trusted bond with us. Additionally, We have more than 300 service franchises in pan India.

WHY LAZER ELECTRIC WATER HEATERS ?

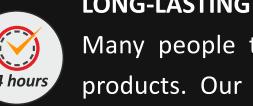

ELECTRICITY BILL SAVINGS

An Energy-efficient water heater helps to contribute to electricity bill savings. Thus, the Lazer water heater is not only heat efficient but also energy efficient.

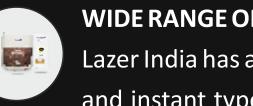

SAFETY

All electrical home appliances of Lazer are well tested and safe. Our major goal is to offer a product with quality and safety.

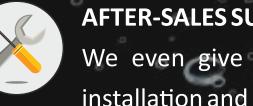

LONG-LASTING PERFORMANCE

Many people trusted us because of the durability of our products. Our water heater has a shockproof body and a Glassline-coated Incoloy heating element. Because of this reason, the Lazer water heater has long-lasting performance.

WIDE RANGE OF SELECTION

Lazer India has a wide range of water heater. It includes storage and instant types of water heaters. Beside water heaters, we offer a variety of different home appliances.

AFTER-SALES SUPPORT

We even give you after-sales support. Lazer provides free installation and after-sales support for water heaters.

STORAGE WATER HEATER

INSTANT WATER HEATER

It's your time to switch to Instant Water Heaters. It is a revolution in the traditional water heaters. The Instant water heater is also known as the tankless water heater. They do not store water and give instant hot water whenever needed.

Lazer India presents a wide range of Instant Water Heaters. It comes with the highest capacity of 3 to 6 liters than others. It is built with a heavy copper heating element for instant hot water solution. The rich and elegant look gives your bathroom an aesthetic appeal.

Lazer Instant Water Heater is designed to bear high pressure. It has a thermostat and thermal cut-off system. Both features ensure the safety of the product. Comfort should never be on standby. That is why experience the convenience of instant hot water with our instant water heater.
